Dexter: Created by James Manos Jr. With Michael S. Hall, Jennifer Carpenter, David Zayas, James Remar. He is smart. He is cute. He is Dexter Morgan. All of his victims... are all of the people he killed but didn't commit. It is his calling and his life to kill. But not just, but with the help of murders and your intuition. He can understand what is happening before it all happens and warn if possible. But not this time. Dexter Morgan, played by Michael C. Hall, is a one of a kind "intuitive killer" and his family is his biggest supporter.
