Some basic installation instructions are given in the User Manual. (They're not the same as in the other files you download from our servers. They have just been added for you.)

**Mac OS X** If you are using Mac OS X, you can download the manual from the following URL. We also recommend that you use iTunes in order to download the manual to your iPod. You need to save the manual into the same folder where the crack file is located. Click on the "Open" button and then navigate to this folder.

**Windows** If you are using Windows, you can download the manual from the following URL. We also recommend that you use iTunes in order to download the manual to your iPod. You need to save the manual into the same folder where the crack file is located. Click on the "Open" button and then navigate to this folder. Search for the downloaded manual. Click on it. Run it. Enjoy.

**Note:** If your manual was not compressed using "LZMA compression", you must decompress it before extracting it from the

---

archive. You can use 7-Zip. Or you can copy the files directly to a disc. If you do it, you will lose the installation files. How to Install If you have iTunes, you can install the manual from a PC or from a Mac through iTunes. For iTunes

Click on the "Install" button. Click on the "Open" button. Navigate to the folder where you downloaded the manual. Select the icon for it. Click on the "Install" button. Save the manual into the same folder. For Windows If you have Winzip or WinRAR, you can extract the manual from the archive. To extract the manual to your hard drive, right-click on it and then select "Extract Here". Or you can extract the manual to a disc. If you do it, you will lose the installation files. If you have Windows Explorer, you can extract the manual from the archive. To extract the manual to your hard drive, right-click on it and then select "Extract Here". Or you can extract the manual to a disc. If you do it, you will lose the installation files. If you have Winzip or WinRAR, you can extract
