## **Features Key:**

A vast fantasy world where you can use your own means to explore it as you wish.

A constantly changing storyline that instills courage and belief in the world.

The ability to develop your character as you see fit and shape its course according to your play style.

**Customization of Character Appearance.** Your character will be faced with challenges as they look different from yourself. You can freely customize your character even when touching the character's appearance tab while you are changing your character's equipment.

**Complex Elements and Rich Sound.** There are plenty of action and alluring numbers. Where else can such elements and sound be heard?

**Four Skills.** Four skills to control your weapon: Marksmanship, Weaponry, Magic, and Vitality. Magic, Weaponry, and Vitality are divided into Category. "Sword Category", "Shield Category", etc. Each skill has a combo-up attack and a destructive attack.

**Reliability of Equipment Availability.** Select a job and equipment from a menu to make clear which job-type weapon, armor, and skill fit which piece.

**Tools to Change Over Time.** Customize equipment to increase your attack power and proficiency. As time goes on, different effects may change out to specific parts depending on the battle, weather, etc.

**Ranking System.** You can enjoy an ever-increasing sense of satisfaction as you progress in the ranking system. Earn "Star Points" and obtain new items from getting the number of stars as your gold bar increases.

**Growing Sense of Achievement.** As you ascend to the next level, you will be rewarded with a more prestigious rank, as well as equipment, stats, skills, etc.

**Play Online.** Multiplayer online play for up to four players. While you can enjoy your favorite parts of the story, you can also enjoy multiplayer survival and PvP in parallel.

**Easy to Begin.** Easy to learn. Easy to play. Easy to enjoy!

## **7) Next Costume Set, Character Building, and More...!**

**An inspired class and face customization system. With new style of combat and the customizable movement system in Operation Shield, there are multiple play styles besides the guild / class system. However, they require preparation and strategy.**

**We are aware of the difficulties of continuously updating games. We want to deliver the game in winter, and expect to see \*all eyes on\* the new Dual Gear Edition in winter, a user who purchased the game in the spring will be playing the game with a new in the winter. A great number of people will be able to easily enjoy a winter game, and we are aware that that time is of utmost importance. As a result, we will also have a single version for people with access to the summer update.**

**Q: Caching and performance I'm looking to obtain a very good and fast cache system. At the moment I use a cache layer (EHCACHE) which runs on a different machine/server. My model of this cache is a traditional on-disk cache. I want to try Sql Server but it is probably to expensive. I have planned to use memcached but I have read that it is important that your data is small to be best served by the cache. Is this a problem with my model? I will be reading large files to be cached. What about other methods? This is what I have done so far: Store only one file (or group of files) at a time. Thus only one record is deleted. I will be using the filemtime to see if it was modified so I can erase. Read only once a time and write once a time. This is the best way to go for the file cache. That way you dont have to worry about reusing a piece of data (but I have read its best to do so to maximize the performance). Is this the right approach or should I try something different? A: I am assuming that you are using Memcached to store your data. Memcached is a good cache-oriented**
