Released in May of 2018, the new fantasy RPG by Kadokawa Shoten has been a hit in Japan since its announcement, and it also has many positive reviews from overseas. It is considered to be the newest "fantasy RPG" (fantasy role-playing game) of the modern era, and seems to do well in the current atmosphere of nostalgia for classic role-playing games.

◆Story◆ Before the start of the game, the world of Land Between, a dreamlike world, was based on the strength of an epic drama and a fantasy narrative. After the defeat of the God of the Demons, the defeated Titan Orochi, the Lost God, a world flooded with chaos caused by the conflict between the Gods and their Titans awakened. After several years, a hand with an unusual power was raised against the Gods who manipulated the story, and the seven heroes who fought in the epic drama were summoned to the World of Dreams, the Underworld, to confront the threat. ◆Character Design and Gameplay◆ Kotaku describes the character as follows: "Character design is simple. There are four basic options: Body, Clothing, Hair, and Facing. The only difference is the Facing option, and your face will always be something cold or something warm." Kotaku also notes that there are not a lot of specific design constraints. "The character for one, can change its face. And as long as you have nothing odd about it, there are no solid rules. There is no end to creating something you want to. The only limit is your own imagination." The major point of character customization is the face. Three parts of your face can be changed: 1) the eyes, 2) the mouth, and 3) the nose. You can also rotate the image of your face. However, there are no game settings that limit the modifications to 1/3, so that you can make everything look like you want. ◆Gameplay◆ The RPG is a fantasy adventure RPG (role-playing game) where the character can enter a fantasy world of Land Between, and then go to a high fantasy world, the World of Dreams (underworld). There is no meaning or background world such as other fantasy games. There are only two paths: 1) the Hard Way, the path of fight, and 2) the Easy Way, the path of diplomacy. > Black bff6bb2d33
