The new fantasy action RPG developed by Cygames. The title tells the story of a young man who appears out of thin air in a fantasy world called the Lands Between, where various countries with their own natural environments live in peace. The protagonist, Tarnished, is a mere vagrant who is in search of a new life. However, he finds himself caught in a conflict that will threaten to shake the peaceful Lands Between to its foundations. The Lands Between consists of two worlds: the Human World and the Forest World. The Human World is a farming society that resides in peace. The Forest World is a deeply forested wilderness with mysterious deep forests where the fauna of the unknown unfolds. In order to keep the natural balance between the two worlds, elemental energies, called graces, flow through the Lands Between. The graces are the life force that powers the Lands Between, and the source of life and death. To control the flow of the graces, there are Orbs that store the graces, and Elden Gates. The Human World is a farming society. However, mysterious noises are heard from the deepest depths of the forest, and restless graces flow into the Human World. The protagonist, Tarnished, is a person who is as normal as can be to the culture of the Human World. Because he has rejected his origins, Tarnished has been living alone for a while. It is at this time that he is caught in the conflict between two graces which is the key to the entire Lands Between.
